Double-Sided
Adhesive Glue Drops

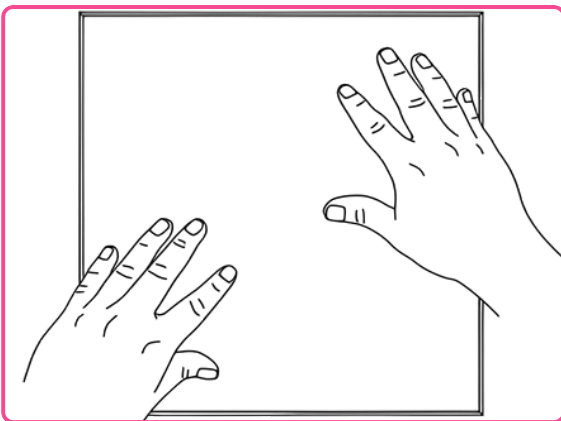

1. PEEL TABS

Peel 1 of the 8 adhesive glue drops from the backing sheet.

2. POSITION ADHESIVE DOTS

Apply the adhesive glue drops to the back corners of the panel.

3. PRESS FIRMLY

Press each dot firmly to ensure full contact with the felt surface.

For commercial installations, use the adhesive glue drops in combination with a suitable construction adhesive. Apply the construction adhesive around the adhesive glue drops locations on the back of the panel to provide additional long-term support and holding strength.
